Classes

Young, 16 months plus, non-competing dogs may enter graded classes if they can attempt all the equipment in a course environment. All agility courses will include full height, aframe, seasaw, dog walk and weave, all jumping courses will include a weave.

Grade 1-4 speed stakes will be a flowing course of jumps and tunnels.

Training within the ring is allowed and will be timed to the course time. A toy in the ring is allowed, as is a treat ball. No crumbly treats anywhere in the venue please for the sake of all dogs.

You are welcome to attempt the course or simply take your course time and train.

Class 1 and 2, class 3 and 4, class 5 and 6 etc. will be the same for all heights and will be walked together. For example, grade 1-4 speed stakes will be walked by everyone at 8.30am and will then run in the following height order micro, small, medium, 550 and large. There will not be a break between medium and 550 for further course walking.

You may run your dog at any height and you may run in whichever graded class you prefer, however grade 7 large dogs choosing to run a grade 4 class at medium height for confidence will not be eligible for competition.

All the grade 1-4 classes will be run in the morning.
